

ES100 Series

Wireless Electric Strikes

ASSA ABLOY

ELECTRONIC SECURITY HARDWARE
HES | Securitron

The Most Versatile Way To Retrofit An Opening With Real-Time Online Access Control.

For the first time, the industry leading features of the HES 1500 and 1600 series electric strikes have been paired with Aperio wireless technology to provide even more affordable access control retrofit options for remote control and monitoring. Available in both Convenient (non-monitored) and Secure (monitored) model options. Compatible with most models of cylindrical and mortise latchbolt locksets, including 1" deadbolts. Simply put, the ES100 Series Electric Strike is the affordable universal retrofit solution that offers flexible configurations options and dynamic adjustability without the need to run wires.
