

A SERIES

NDA and FCC Compliant Camera and NVR Solutions

The Wisenet A series product line includes cost-effective camera and NVR solutions equipped with the essential functionality security professionals demand. Affordability without sacrificing features makes it well suited to meet the needs of small to medium sized sites such as retail, banking, and commercial locations. Their intelligent surveillance solutions are used globally, securing people, property and data across a range of industries including retail, transportation, education, banking, healthcare, hospitality, airports and more.

Wisenet A series cameras offer clear and accurate imaging with a variety of options including essential form factors, 4MP and 2MP resolutions, H.265 compression, and lens types to meet your unique security challenges.

WiseStream II + H.265 Compression
Reduce bandwidth and storage costs through efficient data transmission

120dB True WDR
Backlight compensation provides clear imaging under any lighting conditions

LDC Lens Distortion Correction
Corrects video distortion when using wide-angle lenses

30fps, H.265 Codec
Smooth 30fps video transmission with H.265 compression technology

IVA (Intelligent Video Analytics)
Increases situational awareness and alerts operators to abnormal activities in real-time

Hallway View 270° Rotation Support
Supports vertical FoV for monitoring narrow scenes with 90°, 180°, and 270° rotation
